**PORTISHEAD  
METRE MEADOW**

# Spring 2021

Dear Young Rangers,

We are so glad that you are taking part in our Metre Meadow project!

Please ask your grown up to take a photo every few weeks and then send it to us so that we can see the transformation happening in your green space.

We have provided the table below for you to record the changes you see, and which new visitors you spot enjoying your Metre Meadow.

We hope you will enjoy watching nature at work!
